Water Standard Drawings

00101	Typical house connection and hydrant setting detail	1
00102	Typical valve box and entension	1
00106	Standard reaction bearing areas for horizontal water pipebends	1
00107	Standard pavement repair detail for pipe/utility placed under existing pavement (Roadway) Standard pavement repair detail for pipe/utility placed under existing pavement (Asphalt Driveway)(107-A)	2
00108	Standard water line blow-off	1
00110	Standard vertical bend achors	1
00111	Standard vertical offset anchors	1
00112	Standard for rods and straps to hold fittings where concrete reaction blocking cannot be used	1
00116	Standard air relief valve with assembly and manhole for water lines	1
00117	Standard anti-seep pipe collar for water lines	1

Sanitary Sewer Standard Drawings

00200	Standard 4' I.D. eccentric precast concrete sanitary manhole with expanded base	1
00201	Standard 5' I.D. eccentric precast concrete sanitary manhole with expanded base	1
00202	Standard exterior drop connection for sanitary sewer manhole	1
00203	Standard interior drop connection for existing sanitary sewer manhole	1
00205	Standard manhole ring and cover for non-paved areas Standard adjustable manhole ring and cover for paved areas(205-A) Standard watertight manhole ring and cover(205-B) Standard extension ring for adjustable manhole ring and cover(205-C) Standard adjustable manhole ring and cover(205-D)	5
00206	Standard manhole step for precast concrete manhole	1
00207	Standard trench beddings for circular pipe	1
00208	Standard trench bedding for concrete pipe	1
00209	Standard 6' I.D. eccentric precast concrete sanitary manhole monolithic bottom	1
00210	Standard brick masonry pipe plug	1
00211	Standard air relief valve with assembly & manhole for sanitary sewer lines	1

Sanitary Sewer Standard Drawings (continued)

00212	Standard eccentric precast concrete sanitary manhole with expanded base (vented manhole detail)	1
00213	Standard sedimentation control for crossing drainage ditches or streams during construction	1
00214	Standard sedimentation control for crossing drainage ditches or streams after construction	1
00215	Standard temporary stone ditch check	1
00216	Stand silt fence detail	1
00217	Temporary construction entrance detail (city requirements) Temporary construction entrance detail (state requirements) (217-A)	2
00218	Temporary earth berm	1
00219	Standard anti-seep pipe collar for sewer lines	1

Roadway Standard Drawings

00400	Standard 4' diameter brick masonry storm sewer manhole	1
00401	Standard 5' diameter brick masonry storm sewer manhole	1
00402	Standard 4'6" brick masonry curb inlet	2
00403	Standard 6' brick masonry curb inlet	2
00405	Standard 20"X 26" grate and frame (heavyweight)	1
00406	Standard 24" X 24" grate and frame (lightweight)	1
00407	Standard 24" X 24" grate and frames (heavyweight)	1
00408	Standard 5" X 12" steel flume	1
00409	Standard brick masonry drop inlet for 20" X 26" grate	1
00410	Standard brick masonry drop inlet for 24" X 24" grate	1
00411	Standard inlet ring and cover	1
00412	Standard precast concrete curb inlet top Standard reinforced nose plate for curb inlet top (412-A)	2
00413	Standard ring and cover for brick masonry manhole in non-paved areas Standard adjustable manhole ring and cover for paved areas(413-A) Standard extension ring for adjustable manhole ring and cover (413-B) Standard adjustable manhole ring and cover (413-C)	4
00414	Standard plastic step for brick masonry structures	1
00415	Standard concrete encasement for manholes and valves in pavement	1

Roadway Standard Drawings (continued)

00416	Typical walk and driveway section for curb & gutter streets Typical ribbon pavement residential driveway section (new or existing roadway)(416-A)	7
00417	Standard concrete steps and buttress walls	1
00418	Standard wheelchair ramp	6
00419	Standard pipe collar	1
00420	Standard conversion top curb and drop inlets to junction boxes Standard conversion for curb inlet to junction box (420-A) Inlet conversions for drive entrance storm sewer pipe parallel to curb (420-B) Inlet conversions for drive entrance storm sewer pipe perpendicular to curb (420-C)	7
00421	Standard dead end street erosion control device	1
00422	Standard pipe outlet erosion control device	1
00423	Standard pavement repair for pipe/utility placed under existing pavement (Roadway) Standard pavement repair detail for pipe/utility placed under existing pavement (Asphalt Driveways) (423-A)	2
00424	Standard 4' X 4' brick Masonry yard inlet	1
00425	Standard 4' X 4' precast concrete yard inlet cover with ring & cover	1
00426	Standard subdrain fabric installation	1
00427	Standard brick masonry curb inlet for medians	1
00428	Standard median curb inlet top to be used with City of Greensboro Standard #427	1
00429	Standard brick masonry pipe plug	1
00430	Standard silt fence detail	1
00431	Standard stormwater inlet protection measures	3
00432	Standard temporary stone ditch check	1
00433	Standard temporary silt check dam, type A	1
00434	Standard 24" X 36" grate & frame (heavy weight)	1
00435	Standard brick masonry drop inlet for 24" X 36" grate	1
00436	Temporary construction entrance detail City Requirements Temporary construction entrance detail State Requirements (436-A) Temporary construction entrance detail Residential Sites (436-B)	3
00437	Standard pipe underdrain	1
00438	Standard 6' X 6' brick masonry yard inlet	1

Roadway Standard Drawings (continued)

00439	Standard 6' X 6' precast concrete yard inlet cover with ring & cover	1
00440	Temporary earth berm	1
00441	Standard 5' X 5' brick masonry yard inlet	1
00442	Standard 5' X 5' precast concrete yard inlet cover with ring & cover	1
00500	Standard 6" X 12" concrete parking curb	1
00501	Standard concrete curb and gutter	1
00502	Standard dead end street turn around area	2
00503	Standard cul-de-sacs	2
00504	Standard cold milling section (curp reveal)	1
00600	Typical street section 24' face to face	1
00601	Typical street section 26' face to face	1
00602	Typical street section 29' face to face—	1
00603	Typical street section 30' face to face	2
00604	Typical street section 32' face to face—	1
00605	Typical street section 36' face to face	2
00606	Typical street section 40' face to face	1
00607	Typical street section 44' face to face—	1
00608	Typical street section 48' face to face	1
00609	Typical non-curb and gutter subdivision street	1
00610	Typical widening section 30' to 60' face to face	1
